Overview.

A flagship of the Azimut Flybridge collection, THE ONE is a 66-foot Italian motor yacht refit in 2021 and based at Venetian Marina in the heart of Miami. Powered by twin Caterpillar engines and built for both single-day charters and extended cruises, she combines understated elegance with the pace and confidence of a sport yacht.

The day begins on the foredeck, where wide sun pads and a forward lounge invite slow mornings under the South Florida sun. With a top speed of 35 knots, THE ONE crosses Biscayne Bay in minutes and clears the Gulf Stream to Bimini in under three hours — making the Bahamas a feasible day trip and a natural anchorage for term charter.

Inside, the salon opens through full-height sliding doors to the cockpit lounge, blurring the line between indoor and outdoor living. A full galley, formal dining, and a lower-deck arrangement of four cabins — one master, one VIP, and two twins — accommodate up to eight guests overnight and as many as thirteen for day charters.

Above, the flybridge is where the vessel earns her reputation. A second helm, U-shaped dining for eight, twin captain's chairs and a hardtop with sunroof create the most coveted seat on the water. Aft, a wet bar and BBQ anchor the entertaining space. Forward, the bow sun pads handle the rest.

She is captained by a USCG-licensed master and supported by a professional stewardess, ensuring service at the standard our clients expect — discreet, prepared, and never in the way.
