# Overview.

**MILAMO is a 2022 Sunseeker 76 Yacht — a British-built flybridge motor yacht configured for day and term charters across the Bahamas and Florida Keys. Four staterooms, a crew of three, a flybridge jacuzzi, and the unmistakable Sunseeker profile combine in one of the most complete charter packages on the water.**

Her profile is pure Sunseeker — a long, low superstructure, sculpted hull glazing, and a flybridge that runs nearly the full beam of the yacht. Twin MAN V12 diesels deliver effortless, high-speed cruising, making fast Gulf Stream crossings and island-hopping days equally within reach.

On deck, indoor and outdoor living connect through full-height sliding doors that open the salon to a covered aft cockpit at the water's edge. The flybridge is the social heart of the yacht — an exterior helm, U-shaped dining, sun loungers, a wet bar, and an aft jacuzzi positioned for sunset. Forward, the bow carries an additional sun pad lounge.

Below, four staterooms accommodate up to eight guests overnight — a full-beam master amidships with panoramic hull windows, a forward VIP, a double, and a twin, each with an en-suite head finished in marble and light oak. The interior carries Sunseeker's signature blend of pale woods, soft neutrals, and navy accents.

MILAMO is operated by a professional captain and crew, ensuring service at the standard our clients expect — discreet, prepared, and never in the way. Provisioning, route planning, and shore-side reservations are handled in the background, leaving the day to the guests.
